

# TEAM NAVIGATION

## Driving Change Together

A holistic, structured and systematic process of navigating together providing entire teams and their members an in-depth analysis and the next phase of the team movement and development.

Creates a thorough customized roadmap of alignment with the organizational goals. Brings clarity, certainty and powerful buy-in about the path forward.

Offers a clear roadmap to your team with milestones to get them there.

Helps the team to overcome obstacles and create the culture that is needed for thriving in times of change

Enables your people to succeed during change and beyond.

## How does it work?

### Face to Face intervention:

A two day interactive facilitated process creating together the next phase of the team using the N.E.W.S.™ Compass.

### Preparation:

A process of interviews, web based assessments and analysis and finally customization of the solution to the findings.

### Implementation:

Four annual check points

Optional N.E.W.S.™ Executive Coaching.

Post-process questionnaires after 3 months to assess ROI.

## What can you expect?

A Fast, deep and structured process of two days joint navigation based on the N.E.W.S.™ Compass. High impact, engaging and motivating process that leads to alignment, commitment and accountability of team members. Results oriented clear deliverables with excellent track record globally.
